15 Puget Sound Ferry Operations Account--State

16 Appropriation \$ ((321,673,000))
17 310,932,000

18 The appropriation in this section is subject to the following
19 conditions and limitations and specified amounts are provided solely
20 for that activity:

21 (1) The appropriation is based on the budgeted expenditure of
22 ((\$46,881,000)) \$35,159,000 for vessel operating fuel in the 2001-2003
23 biennium. If the actual cost of fuel is less than this budgeted
24 amount, the excess amount may not be expended. If the actual cost
25 exceeds this amount, the department shall request a supplemental
26 appropriation.

27 (2) The appropriation provides for the compensation of ferry
28 employees. The expenditures for compensation paid to ferry employees
29 during the 2001-2003 biennium may not exceed ((\$206,696,000))
30 \$207,065,000 plus a dollar amount, as prescribed by the office of
31 financial management, that is equal to any insurance benefit increase
32 granted general government employees in excess of \$432.82 a month
33 annualized per eligible marine employee multiplied by the number of
34 eligible marine employees for the respective fiscal year, a dollar
35 amount as prescribed by the office of financial management for costs
36 associated with pension amortization charges, and a dollar amount
37 prescribed by the office of financial management for salary increases
38 during the 2001-2003 biennium. For the purposes of this section, the

1 expenditures for compensation paid to ferry employees shall be limited
2 to salaries and wages and employee benefits as defined in the office of
3 financial management's policies, regulations, and procedures named
4 under objects of expenditure "A" and "B" (7.2.6.2).

5 The prescribed salary and insurance benefit increase or decrease
6 dollar amount that shall be allocated from the governor's compensation
7 appropriations is in addition to the appropriation contained in this
8 section and may be used to increase or decrease compensation costs,
9 effective July 1, 2001, and thereafter, as established in the 2001-2003
10 general fund operating budget.

11 (3) The department shall issue a request for information from
12 entities interested in purchasing advertising on board Washington state
13 ferry vessels. The department shall evaluate the proposals and report
14 back to the legislature's transportation committees in January 2002
15 regarding the potential for revenue from different types of
16 advertising.

17 (4) The department may enter into contracts with private vendors to
18 sell ferry tickets and medium at locations other than Washington state
19 ferry terminals or facilities.

20 (a) The department may enter into the contracts only (i) with
21 private vendors that are already established businesses offering goods
22 for sale to the general public; and (ii) if it determines that the
23 vendor's established location has the potential to serve a significant
24 percentage of the customers using a particular ferry route.

25 (b) The department may adopt necessary rules and procedures to
26 allow the use of credit and debit cards to purchase ferry tickets or
27 medium from a private vendor who has contracted with the department to
28 sell ferry tickets or medium. The department may establish a
29 convenience fee to be paid by all persons purchasing ferry tickets and
30 medium at locations other than Washington state ferry terminals or
31 facilities. The convenience fee must be sufficient to offset the
32 charges imposed on the department by the credit and debit card
33 companies. In no event may the use of credit or debit cards authorized
34 by this section create a loss of revenue to the state. The use of a
35 personal credit card does not rely upon the credit of the state as
36 prohibited by Article VIII, section 5 of the state Constitution.

37 (5) ~~((The legislature recognizes that projected revenues to the
38 Puget Sound ferry operating account for the 2001-2003 biennium may be
39 up to \$30,000,000 less than what is required to fund the appropriation~~

1 provided in this section. The legislature intends to fully evaluate
 2 the extent of the shortfall and make a supplemental appropriation
 3 during the 2002 legislative session.)) The legislature recognizes the
 4 value of a regional fare collection system to promote intermodal travel
 5 throughout Washington state ferries' Puget Sound service area and
 6 therefore encourages the department to resume participation in the
 7 regional fare coordination project (smart card). The department shall
 8 develop a request for funding of the on-going operating costs
 9 associated with the regional fare coordination project and shall
 10 present this request to the 2003 legislature.
